Message....

From the Chairman

It is always a pleasure to pen a note when there is good news to convey....

Kala, Rajesh and the team at ALERT have been doing such a selfless service for the unknown strangers, that it is so soul satisfying to pen them down.

”

**Let's support
to save lives.**

ALERT in its 13th year has already crossed many milestones. Significantly, as a proud endorsement, this year, the World Health Organisation (WHO) India collaborated with ALERT, for deploying first aid knowledge to the community.

During the last 13 years, we have been concentrating mainly on evangelising the noble idea of saving lives, by way of community and corporate training. As

saving the life of anyone facing trauma, is the backbone of this mission, the stakes are highest for the unknown beneficiary, a stranger who is unfortunate to be the victim in a road accident.

Yet emergencies do not limit themselves to road accidents. It could be an emergency in a factory, a mishap in a sports field, or even an elder going through breathlessness in a residential complex. So the need for support to save lives is everywhere,

and the need and span for knowledgeable emergency support is limitless. Last year, ALERT oriented an unprecedented 55,000 good samaritans, who volunteered, in basic life saving skills. Our achievements have been effective and modest !!

But there is a bright spot in all of this. It is the difference we are making together, hand in hand with the good Samaritans, who have already been oriented. Our mission, with our mentor Dr. Kalam's words ringing in our ears, drives us to pursue the mission, selflessly & efficiently and in a manner that is effective in any emergency situation.

That is why I am proud that, thanks to the generous support of our corporate partners, communities and more importantly our volunteers, we worked relentlessly and reached 55,000 people

Last year, ALERT oriented an unprecedented 55,000 good samaritans, who volunteered.....

this year. In terms of the way forward, we are on the path at evolving this program to create a more holistic intervention, where volunteers are not only tracked post their training but also networked, to be 'called' to support during emergencies.

We now celebrate these baby steps, even as we redouble our efforts, much more vigorously, to ensure that we achieve even more. And so we look ahead to the next year, with renewed faith, hope and enthusiasm ! With your continued support, we will.

May God Bless !

A handwritten signature in black ink, appearing to read 'V. M. Muralidharan'.

V. M. Muralidharan
Chairman - ALERT

Message....

Founder's Note

Arise, awake, and stop not till the goal is reached.....

With the profound goal laid down for ALERT, by Dr. A.P.J Abdul Kalam – “To train one in every family in Emergency Response”,

Team ALERT marches majestically with its army of over 1,30,000 empowered citizens of India, committed to act in need and save lives.

As ALERT steps into its milestone year 2020, I extend my heartfelt thanks and gratitude to our esteemed patrons and well-wishers for your staunch trust in us, our volunteers who are the backbone of our mission, our advisors for your valuable directions, our partners, members of the Board and our star team of office bearers for an unparalleled year 2019-2020.

Back in 2006, as an IT professional, what disturbed me most, was not the accidents on the road or the emergencies, what shook me was the prevalence of apathy and onlooker behaviour pattern! The result was the genesis of ALERT, which was born out of a resolve that no life, around us should be lost due to

inaction. 2019-20 witnessed ALERT scaling up its mission to reach out to over 55,000 lives, across 13 states, 26 cities. Having conducted over 487 workshops this year, with an average of 1.7 workshops a day, I salute the team of volunteers and trainers for their selfless efforts.

It has indeed been a humbling and exciting moment to be called in as the India's expert panel for rolling out the First Aid curriculum for our nation. To be working along with

the World Health Organization, AIIMS-Delhi and the Govt of India, as the content and technology partner, has adorned yet another feather to our decade of service. At this moment, I'd like to put my hands together to the Govt of TN and Karnataka for their outstanding encouragement and facilitation.

While the entire world is just about getting geared to welcome and celebrate 2020, we are now facing a new challenge – Covid 19, a pandemic of our lifetime. As we are passing through these unprecedented times and while we continue to see uncertainty during this period, we at ALERT pledge to be of service and traverse this journey with all of you. Quick measures at a war footing have been rolled out to ensure our activities are made relevant to the COVID 19 needs. The ALERT VOICE app is being re-vamped to cater to the growing emergencies during the lock down phase, and the volunteers are stepping up to distribute essentials such as masks to the needy. Resilience, being the solution of the hour, we have not only moved all our offerings online, but are also building a holistic advisory, for the organizations as a good-will gesture to help the leadership and their staff embrace the new normal

seamlessly. The ALERT Townhall sessions not only keep the community purposefully engaged through the home confinement phase, but also motivated.

Every incident handled and reported back by our ALERT VOICE's (Volunteer In Case of Emergency), and with every testimonial received from our patrons, there's a resounding echo that tells us that the responsibility and the need is huge, and the journey ahead is long! More than ever, the sense of urgency and the need for our communities to be in readiness to handle emergencies, is being critical now, which makes our task ahead arduous, but not an impossible one with all of us in it together. With an undaunted spirit and determination you and I can absolutely pave the path for a better tomorrow. Let's not wait for miracles, let's make them!

Looking forward for a healthy, safe and empowered year ahead!

A handwritten signature in black ink, reading "Kala Balasundaram".

Kala Balasundaram
Founder - ALERT

Introduction..

About ALERT

ALERT (started in 2006), is an NGO working to ensure 'Right to Life' a reality in India by empowering a common man to act in case of an emergency. ALERT, to date has trained more than **1,30,000 PEOPLE** across varied walks of life.

For more information on ALERT, please visit www.alert.ngo

ALERT's curriculum is endorsed by the Indian Medical Association (IMA), the Governments of Tamilnadu & Karnataka, Apollo Hospitals and is approved to be offered as a credit course at IIT, Madras. ALERT is a part of the core committee formed by the Government of India, that is tasked to formulate the Emergency Response framework for India along with WHO & AIIMS.

ALERT's work has been awarded 'Hero of the Year' by Association of Healthcare Providers of India (AHPI), 'Good Samaritan' - Organisations category by Columbia Asia and 'Top 120 Social Enterprises to watch for in Asia' by DBS- NUS.

Founder - Maatram Foundation

Managing Trustee of Maatram Foundation which provides free higher education to meritorious students from the economically weaker section of the society. He has over 20+ years' experience as a practising HR professional and currently works for Infosys Ltd.

The whole Gamut.....

Outreach Programs

+ Sensitising

+ First-Aid partnerships

+ Signature Events

98% Indians are unaware that a common man can make a difference to a victim battling for life, during a medical emergency. There is a lot to be done before an ambulance arrives & the professionals take over. Through Outreach, we sensitize the general public on the need to be trained and prepared for emergencies.

This Year's **Outreach Activities**

- » 19 First-Aid Partnerships for public events
- » 2 Signature Events
- » 3 monthly events - Vanakkam ALERT & Andha Moment

- » 10 First-aid awareness videos in collaboration with Murugappa group
- » Combined Social Media footprint of more than 5 million views

ALERT BEING AWARDS

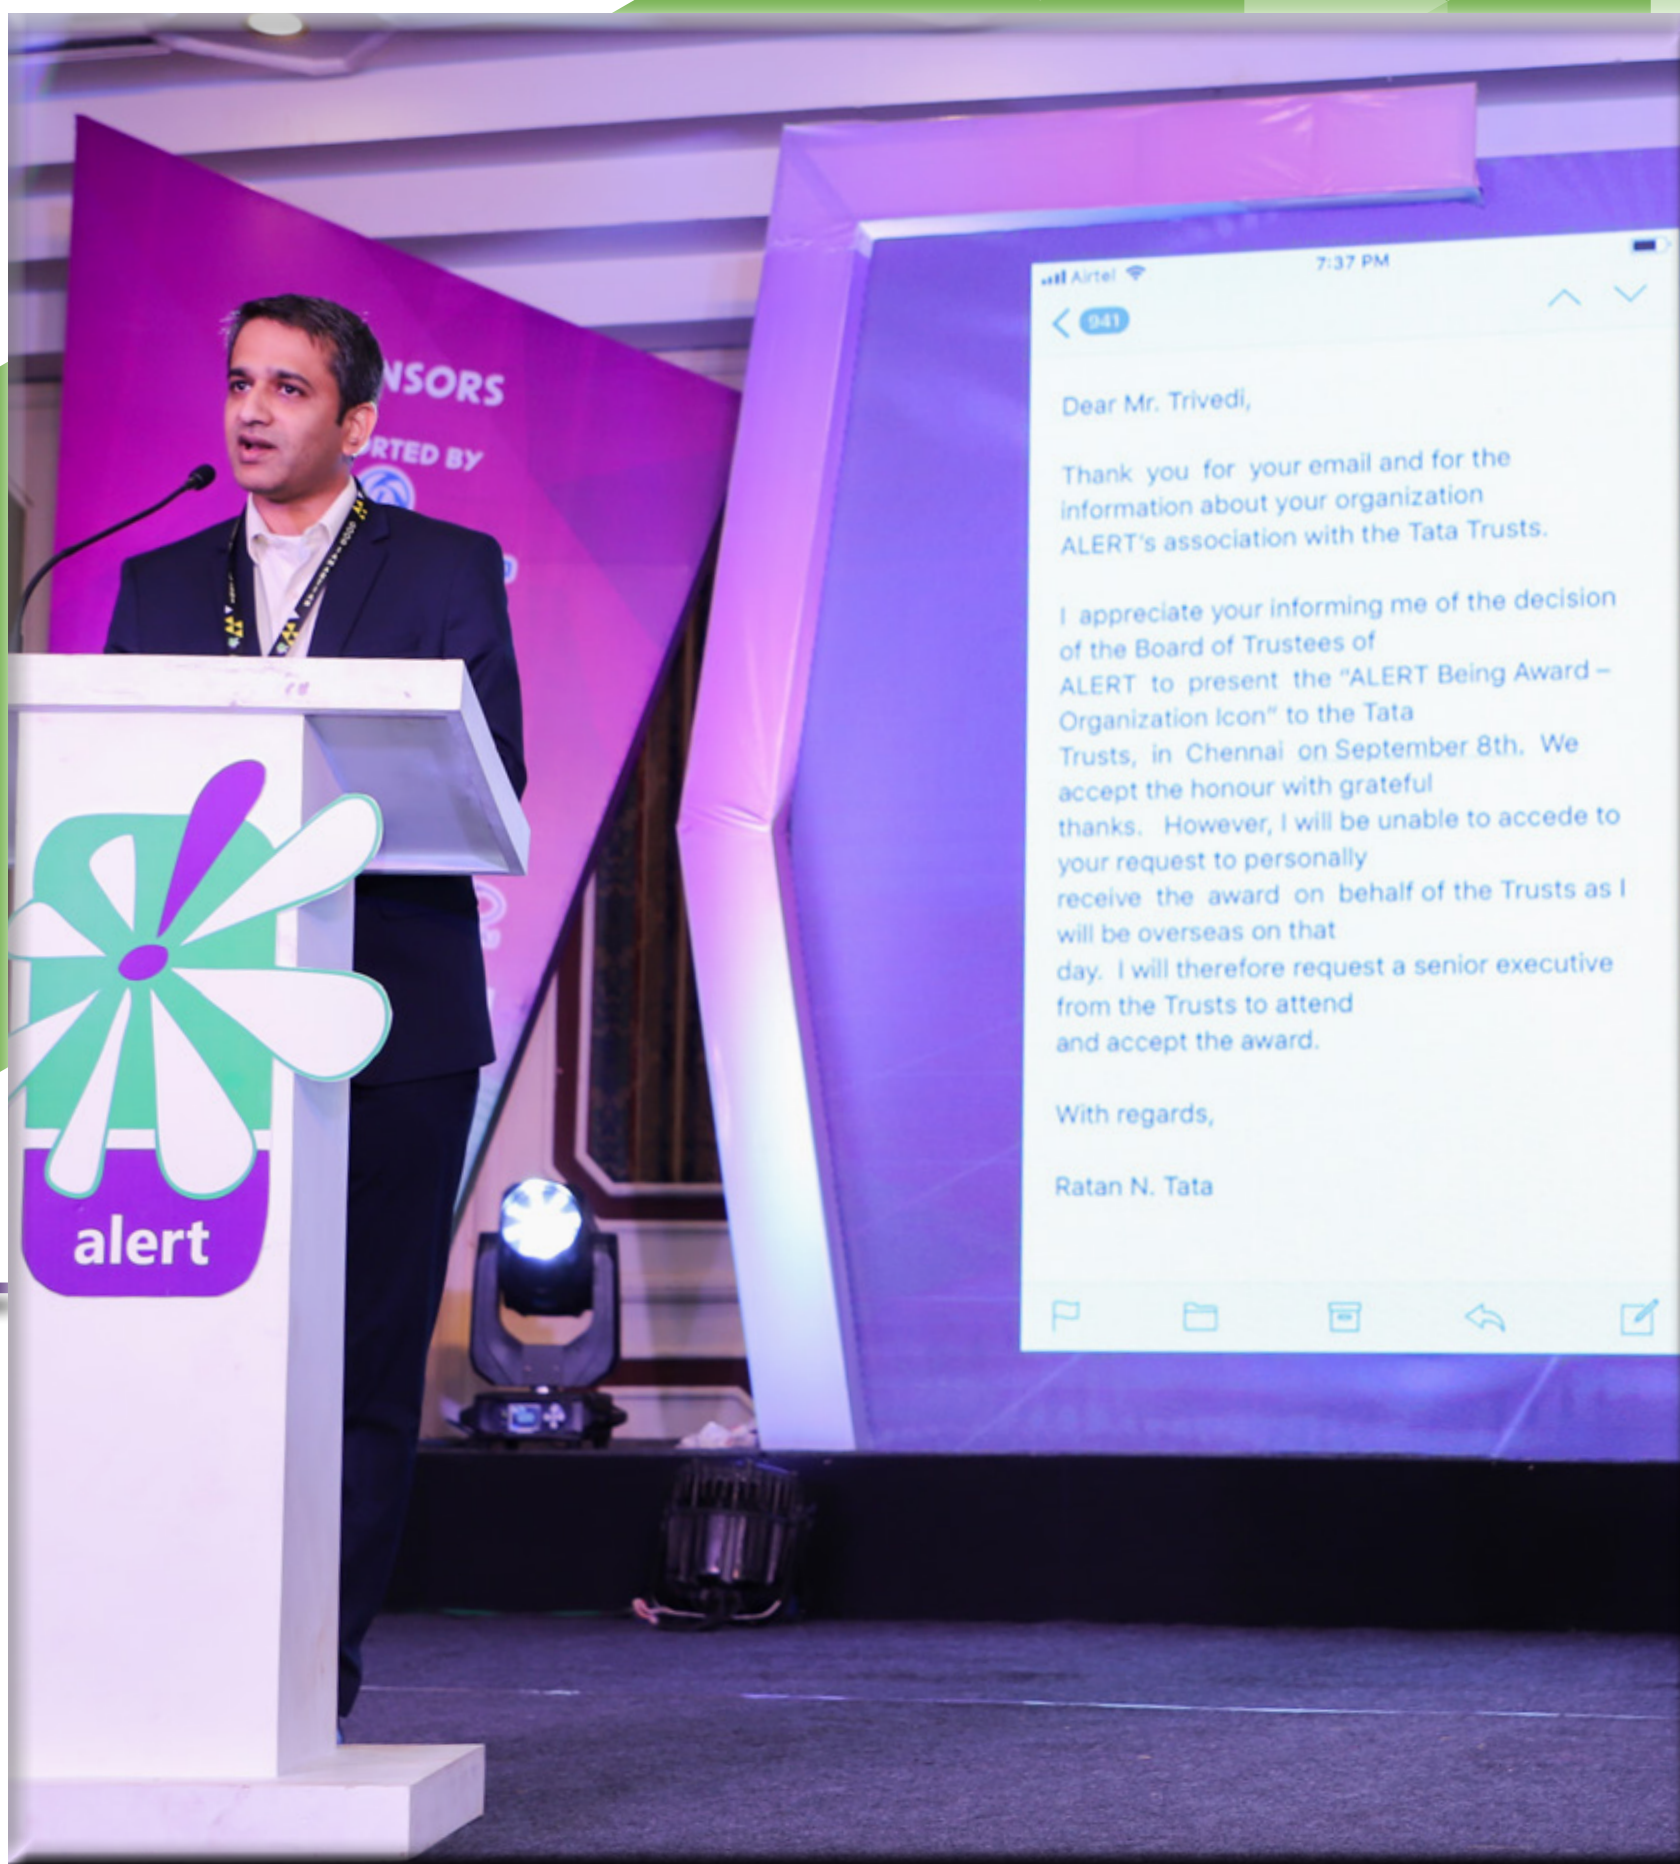

+ More than 100 Nominations

+ 12 Awardees

+ >300 attendees

Be it someone who has saved the life of an accident victim or an organisation that saves lives every day, real life heroes deserve recognition and most importantly our society needs inspiration. ALERT Being Awards is one of a kind award which recognises individuals who have saved lives or organisations creating lasting impact in the field of saving lives.

*Honoured for the ALERT Being award to be accepted by
Sri. Ratan Tata on behalf of the Tata Trusts*

Our Jury for ALERT BEING AWARDS 2019 : (From Left)

Mr. Sujith Kumar, Founder - Maatram Foundation,

Dr. J. S. Rajkumar, Chairman & Chief Laparoscopic Surgeon- Lima & Rigid Group Of Hospitals,

Thiru. Md. Shakeel Akhtar IPS, ADGP - Armed Police Head Quarters,

Ms. Veena Kumaravel, Founder, Naturals Group Of Salons,

Nawabzada Mohammed Asif Ali, Heir Apparent And Dewan To Prince Of Arcot

Our Advisors for ALERT BEING AWARDS 2019 : (From Left)

Mr. C. K. Kumaravel, CEO & Founder, Naturals Salon & Spa,

Dr. Renuka David, Managing Director - Radiant Medical Services,

Our Real Life Good Samaritan Awardees in ABA 2019

ALERTATHON

+ >1000
participation

+ >200 armed
forces participated

Every step that you take towards a safer & responsive society counts & that is exactly what Alertathon does. Being the signature running event of ALERT, it brings together friends & families to become fitter, have more fun together & most importantly save lives!

#Run2SaveALife

Running to SAVE A LIFE

This Year's Awareness Workshops

*Personal Empowerment in Emergency Response (PEER)
If not for others, at least for yourself & your family*

Empowering a common man being the central mission of ALERT, we have created a very unique & effective vehicle - PEER programmes to achieve this. PEER programmes are multi dimensional awareness programmes following international protocols & set in Indian context - with medical, legal, psychological & leadership inputs. Every year, tens of thousands of people from various facets of the society are empowered through PEER programmes.

+150% over 2018
158 workshops in schools

+130% over 2018
90 workshops in Colleges

+200% over 2018
134 workshops for General Public

+160% over 2018
Almost 500 workshops in total

+225% over 2018
Empowered 53209 citizens in 2019

@while launching alert VolCE application

A few life saving episodes from our **alert VolCE's**

”

Sneha Fernandez says,

This morning around 9.45 am, I was on my way to Kanchipuram, just before the railway gate we found a slight traffic jam and looking further saw a crowd. I got out of the car and went to check. Found a boy who was hurt and bleeding. I asked one of the observers to go to the car and call my friend for help and instructed him to bring our first aid kit. He had abrasions on his knee but a deep cut under his foot. Quickly checked for any dislocation or fractures but there seemed to be none, so cleaned the wound and in the meantime asked a person to call 108. His foot was bleeding so washed the cut with some water n then with the wipes. Finally, I just bandaged his foot so sand wouldn't get into it and it would at least ease bleeding. I made sure he was seated with his leg stretched till the ambulance came

”

Priyanka Ramachandra says,

I went as a First aid volunteer to a Cycling event, when I was returning home, I saw an auto driver who was asking other vehicles to move. Then I noticed 3 people were carrying the victim from the middle of the road to the roadside corner. I parked the bike and took my medical kit. When I saw the Victim, I asked him if he was ok? He was bleeding and I noticed there were many abrasions in his hands and legs. I assured him he is going to be fine and asked him to relax and sit. Everyone was asking to shift the victim in auto and take him to the hospital. I told them instead to call the ambulance and wait. After a few minutes I noticed that he was hiding something with his head Scarf by holding his thigh very tightly. I requested him to take his hands off and sit. The moment he took his hands from his leg, he realized it was very painful. Then I removed my helmet and asked him to balance it, he released his hands and I saw a part of his thigh flesh had come out fully and his bone was visible. I tied the entire wounded area with a Bandage Cloth after Wiping the blood. His two friends came next to me and asked for help as they were also injured.

The first friend was bleeding from his nose and lips, and the second friend got few abrasions. Meanwhile Ambulance came and all three of them were taken to hospital. Everyone came and asked me if I were a doctor, for which I said No. They appreciated me for knowing the skill of Basic Life support and were amazed that I was carrying my First Aid Kit.

t's true that having first aid training undoubtedly helps save lives. That's not all though; giving appropriate first aid immediately can help to reduce a person's recovery time and make the difference between the patient having a temporary or long-term disability. You'll learn how to remain calm in emergency situations and you'll learn simple acronyms to help you recall the steps you need to take.

Santhosh Shankar says,

On the 24th August I was travelling from Alleppey boat jetty to Changanassery in Kerala. I went there for psycho social care work and flood relief work. I was walking with my sister to the nearby bus stop. Suddenly a bus hit a two-wheeler while taking a left turn. The two-wheeler was standing near the road side and was crushed by the back tyre. Luckily nothing happened to anybody. The Victims of the accident were a lady, and her son and daughter. Nothing happened to their children. Keeping all my belongings safely aside, I informed my sister to take care of my things. Checking the scene safety, I lifted the lady because she was unable to get up and walk. Then I took her to a safer area to examine her. The accident happened opposite the police station. Hence, there was a policeman present at the scene, they started to enquire about me and I was surrounded by few other onlookers. I was travelling with my first aid kit bag therefore I took my Alert Voice ID card and informed them that I was a trained first responder. My sister helped translate everything to them in Malayalam. Within a second, I got permission to examine the victim. Though she was almost okay I advised her to visit a hospital for further check-up. Then the policemen helped call an auto and all of them were sent to a nearby hospital. Thanks to my sister who helped me throughout the situation. I did not panic even though I don't know the language. I simply remembered the Good Samaritan law and helped my fellow people in need.

Please learn some basic life support techniques.

Siddharth Chandrasekar says,

Yesterday, I was traveling to Mahabalipuram. Half the way I saw a huge crowd on the side of the road. I stopped the vehicle and went there. There was a man who had been in a road accident. He had multiple bruises and injuries. The worst injuries were on his forehead. His eyes were closed, and he was being held up by someone. I went close and assessed the situation. He had his pulse. But his breathing was irregular, and rapid. I immediately put him in the Recovery Position. Within a minute, he was talking and he sat up on his own. The ambulance had been called by someone already. While we were waiting, I cleared the crowd around him. I did not have my first aid kit with me, so I put a plastic bag on my hand and used a clean cloth to clean his face and cover his forehead injuries. After about a half hour, the Government Ambulance arrived. I helped the victim to get into the ambulance, and left the scene. Please learn some basic life support techniques.

Collaboration

The scale of the mission is inevitably dependant on the type of partnerships that we hold. The year 2019-20 has been very significant in terms of partnership & growth and we have found many key partners who stand with us in the journey of Saving lives.

Meeting the Commissioner of Police for Chennai City, **Mr. A. K. Viswanathan IPS**. Some of the areas focussed by ALERT with the police include -

- 1 - Training the traffic inspectors in emergency response management.
- 2 - Enabling implementation of Good Samaritan Law
- 3 - Exploring integrations between the VoICE network and the police networks such as Kavalan and Digicops

Meeting at World Health Organisation (WHO) Head quarters, India along with the Officials from the Government of India

Volunteers

Just as a tree's survival depends on the strength of the roots, ALERT's progress of where we are right now is because of the invaluable contribution of innumerable volunteers across the world. Be it as trainers, managing signature events like ABA & Alertathon, participating as first aid volunteers across events, following up for workshops, managing partners, fund raising, spreading awareness, creating posters and what not... Our volunteers have been our heroes behind the screen. To summarise, there is NO ALERT without our Volunteers support...

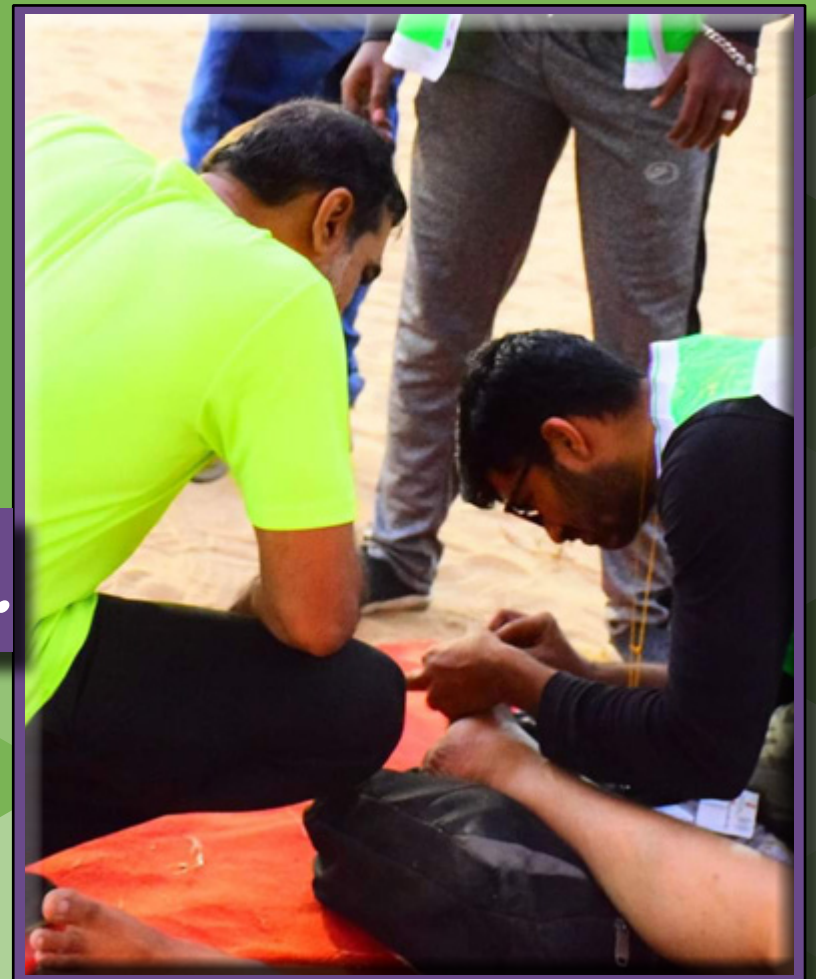

Our volunteers are the backbone for all these sessions

Volunteers as Trainers...

Volunteers as First Responders...

Volunteers for Outreach...

**Our Patrons have been
our lifeline & no amount
of words are enough to
express our gratitude..**

Strategic management insights

Insight (SWOT) Analysis

Our SWOT provides insight in our organisation's opportunities and strengths, as well as its threats and weaknesses, providing context to our stakeholders.

Strength

- ♦ A holistic curriculum
- ♦ Passionate trainers/ volunteers
- ♦ Strong collaborations
- ♦ 14 years of domain expertise
- ♦ An innovation mindset

Weakness

- * Scale dependent on funds
- * Moving volunteer base
- * Touch and feel skill development

Opportunity

- » Adopting technology for scale
- » Breakthrough impact by alert VoICE
- » Specific focus area for impact investing
- » Applicability across India

Threats

- Imminent dip in available CSR funds
